

I am a listener of the Airl Radio Network, a part of Educational Media Foundation. Ever since I have began listening to Airl, I have grown in my own personal walk with my Lord Jesus Christ. I ask of you to not change translators to the LPFM because if you do the community I live in as well as myself will lose our Airl Radio station. I listen to it practically 24/7. Please keep the translators as they are now. I know that as Airl continues to play the great music, it will result in more people coming to know Jesus Christ as their Lord and Savior. Thank you and I look forward to continuing to hear Airl in my local area.
